

YourMembership.com Performance Pack

Value pricing for several popular add-ons

PRODUCT
SHEETS

The YourMembership.com Performance Pack is a complete package that gives you a greater level of direct customer engagement and interaction. With the Performance Pack, you get several popular add-on products that complement the complete YourMembership.com SaaS-model membership software solution.

Performance Pack Features Popular Add-Ons

YourMembership.com's Performance Pack focuses on several key touch points between you and your members: accounting, social networking, member profile data and political districting. It also provides your organization with its own dedicated email IP address to ensure the utmost in email delivery and reputation.

The YM Performance Pack includes these following popular add-ons to the complete YourMembership.com membership software solution:

- QuickBooks® Plug-in: integration between YourMembership.com and QuickBooks
- SocialConnect®: leverages, monitors popular social networking sites
- CASS Certified Address Verification System: verifies U.S. mailing addresses
- Political Districting System: provide members contact information for their representatives
- emailBOOST: dedicated email IP address for enhanced email deliverability

As an offering of YourMembership.com's most popular add-on products, the package delivers significant cost savings over purchasing these add-ons individually. the YM Performance Pack is available for a one-time setup fee and low-annual fee.

Value: Performance Pack delivers savings over standalone pricing for add-ons!

For a quick look into the value of the Performance Pack, the following are individual add-ons at their standalone prices:

Add-On Item	Setup Fee	Annual Fee
